COMPLETION OF DASHBOARD PROTOTYPE

BELLEVUE, WA – January 8, 2002 – TradeRadius Online Inc. (CDNX: TDO, OTCBB: TDOLF), reported today that the company is progressing well in its search for strategic partners. TradeRadius President Greg Stone states that, “We are currently talking with several potential partners for the purpose of forming strategic alliances that will assist us in getting the Dashboard quickly out into the market.” With the completion of the Dashboard prototype last month, the company is sticking closely to its timeline of finding a strategic partner early in 2002. The company also sees positive trends in the market. The B2B market has seen a recent surge of activity -- the U.S. Bancorp Piper Jaffray B2BEC Index shows an increase of over 30% over the past month and TradeRadius intends to take advantage of this upswing. “Most of the companies that were in this space a year ago are no longer in business. Those of us who have weathered the storm will be the ones that help shape the future of B2B Electronic Commerce. We expect 2002 to be a very positive year for TradeRadius.”

Also, in anticipation of strategic partnerships early in 2002 in order to take the Dashboard out into the market; the Company is actively engaged in evaluating other business opportunities for acquisition in order to diversify.
